COUNSELOR EDUCATION MISSION STATEMENT

The Counselor Education Program at North Carolina Central University prepares counselors to work with children and adults in a variety of settings. The primary focus of the program is to prepare professional counselors who can promote human growth and development in rural and urban settings. To this end, the program emphasizes increasing awareness, knowledge, and skills in interacting with economically, socially, and culturally diverse populations. The program makes an intentional effort to serve a diverse group of students (diverse across race, gender, age, and ethnicity). A major emphasis of the training is on clinical experiences in partnership with local agencies. These partnerships foster an understanding of multicultural and diverse populations and mastering counseling techniques that promote their empowerment in rural and urban settings. The program aims to develop professional counselors who are agency leaders and advocates for systemic change. Faculty in the program is expected to teach, mentor, provide service to the community, present at local and national conferences and conduct program relevant research.

I. COURSE DESCRIPTION

Prerequisites: Phase 2 completion and a B or better in CON 5371. Advanced candidates in counseling will participate in a clinical instructional environment under the supervision of a faculty member. Candidates will receive supervision from a faculty member as they obtain individual and group counseling experience. The practicum is a 100-hour field experience in a mental health, career, or school counseling setting.

II. METHODS OF INSTRUCTION

This supervision course will be delivered online and makes use of a variety of instructional methods, including but not limited to: class readings, group discussion, case presentations, peer feedback, research presentations.

III. TEXTS AND OTHER RESOURCES

Required readings will be made available on Canvas throughout the semester. Students should also familiarize themselves with the following websites as resources (descriptions are links):

V. COURSE FORMAT AND WEBSITE

This course has weekly, synchronous, meetings on Zoom for group and triadic supervision. Canvas is utilized to submit assignments, and Google Drive is utilized to submit recorded work. The syllabus, assignments, readings, and other materials related to the course can be found on Canvas. Please ensure that you have complete access to the course on Canvas by the end of the first week of class. If you have

questions about your Canvas (Bb) account, please contact the campus Helpdesk at <http://www.nccu.edu/facultyandstaff/its/helpdesk.cfm> or contact the Eagle Technical Assistance Center (ETAC) at 919-530-7676.

All content is posted or linked on Canvas which is the Learning Management System used by NCCU (<http://nccu.Canvas.com>). Every student has a username and password issued by the University. You are required to log on to the Canvas system at least once per week in order to view course content which includes lectures from the instructor, supplemental lectures, web links, as well as other content. You are also required to submit assignments via Canvas during the semester. Emailed assignments will not be scored. If you have questions about your Canvas (Bb) account, please call Bb or the IT department at 919-530-7676.

VI. COURSE POLICIES:

Counseling Department Attendance Policy for Practicum Class

Class attendance, punctuality, and participation are required and necessary to accomplish the goals of the course. Aside from successfully completing the required field experience hours at the designated site, and obtaining regular supervision from the site supervisors, practicum students are also required by CACREP to have weekly group supervision and weekly triadic supervision from the university internship supervisor. Practicum students are expected to attend all scheduled class meetings and may not miss more than 2 class meetings. If a student misses more than 2 practicum class/group supervision meetings, they can be dropped from the course and/or not receive a passing grade for the course.

Each unexcused absence will result in a **50-point deduction** from your participation/attendance grade. **Three absences will result in a failing grade for the course.** In addition, it is expected that all assignments will be handed in on time. Students are encouraged to reach out to the instructor with any questions/concerns and asked to inform the instructor of any potential issues in regard to attendance/participation. Any assignment or homework handed in late will receive reductions in five points for each day late.

Attendance Verification Policy from NCCU Scholarship and Student Aid

3.3 Students who do not attend classes during the first two (2) weeks of class will be dropped due to non-attendance. Students must attend at least **one** day to confirm attendance in the course. Students who do not attend before the census date will be dropped. After the census date (the 10th day of class), any student who misses the equivalent of two (2) weeks of class meetings or 13.3% of total instructional time (as set forth below) prior to the determined drop date for the university (as noted in the Academic Calendar) will receive an automatic grade of WA (withdrawal due to lack of attendance) at the point of the withdrawal date. This will be the final grade for the grading period. This grade will automatically be entered by the faculty member teaching the course.

Two Weeks of Instruction equates to the following:

- M/W/F Classes: 6 total absences
- M/W or T/R Classes: 4 total absences
- Classes that meet once a week: 2 total absences

*Special consideration must be granted if a student has accommodations as required by the Americans with Disabilities Act based on a documented disability or another documented need. Special consideration may be granted if a student is absent or late due to the student's participation in a university-sponsored program or event.

3.4 After the University's established withdrawal date, as noted in the Academic Calendar, a student will earn the letter grade commensurate with his/her/their course performance. The student's final grade will be based on the student's performance and participation, to include attendance as noted in the instructor's syllabus. A faculty member may incorporate points for class participation or online synchronous or asynchronous class participation (i.e., CANVAS, CANVAS Collaborate, Zoom) as they deem appropriate based on the nature of the course content and delivery.

Disposition and Class Participation

As a part of your attendance and participation evaluation, students are graded regarding the following criteria:

- Demonstration of attitudes, behaviors, and dispositions consistent with appropriate responses to critical feedback from the instructor, appropriate interactions and relationships with other students, and adherence to the ACA Code of Ethics.
- Demonstration of dispositions consistent with an inclusive, multicultural, and ethical counseling role in promoting well-being, healthy relationships, academic success, and career mastery;
- Demonstration of effective leadership skills;
- Active engagement in class activities and participate as a group member; and
- Contributions to class discussion displaying critical and creative thinking skills.

(**See the most recent version of the ACA code of ethics and the NCCU Counseling Student Handbook for more on Expected Student Dispositions and Behaviors.)

As your instructor, I do not foresee there being any concerns about professional behaviors; each of you have demonstrated these behaviors, as evidenced by acceptance into the program. If there is a reason for me to have any concern about a student's dispositions and there is a potential for the student to receive a less than ideal evaluation in this area, I will be in contact with that student immediately to address the concern.

Respect

- Students are expected to assist in creating and maintaining an environment that is conducive to learning. All members of the learning community will demonstrate such respect by refraining from distracting, discourteous, or harmful behavior.
- Cell phones must be turned off (unless used for group supervision via Zoom) and stowed prior to the start of class. If you are expecting an emergency call, please advise the instructor prior to class. Otherwise I will begin to deduct participation points to discourage distractions and the use of unpermitted electronics.
- Students are expected to practice classroom confidentiality: in other words, whatever is discussed in the classroom is expected to remain in the classroom. Failure to practice classroom confidentiality may result in failure or dismissal from the course.
- Emotional safety is paramount in a class of this nature. Disrespecting another's racial, religious, sexual identity; attacking another's point of view; etc. will not be tolerated.

Confidentiality

Much of our class discussion and most of the written work you do for this class will contain information about clients, and sometimes sensitive information about your supervisor and internship site. All of this information is privileged. We share responsibility for maintaining its confidentiality and protecting the privacy of our clients, classmates, host sites, and sometimes supervisors and other professionals.

Guidelines for fulfilling our responsibilities in this regard include the following matters:

- Written materials (e.g. journal entries, special projects, tape critiques, etc.) referring to clients should either refer to them by initials only or by a pseudonym. If the materials are copied and contain the client's name, the name should be blocked out with a black felt tip pen if possible so that you cannot see the name.
- Video and audio recordings of client counseling sessions should be kept secure and should be erased after instructional and supervisory reviews are completed.
- Video and audio recordings **should not be** sent via email. You will submit them via Google Apps for Education as directed by your university/faculty supervisor.
- Classroom/office doors will be closed when we are discussing cases or viewing videos of actual clients. This includes scheduled and impromptu supervision or consultation meetings.
- Guests such as students from other environments or classes, prospective students, family members, or children may not be brought to class. This means, they may not be in the same room/meeting space with you while you are meeting with your university supervisor.
- Your Case Presentation should be uploaded into Canvas. Any time you mention a client in your project, you should utilize either their initials or a pseudonym.
- All client records are the property of your internship site. No client records or files of information from your internship site are to be kept in your personal possession (e.g. your car or home or stored on your personal electronic devices) except for the temporary necessity of carrying selected copies of information on which identifying information has been removed or thoroughly

covered.

- Any departure from strict adherence to this must be fully disclosed and agreed to by your site supervisor and your campus supervisor. This includes retaining copies of records belonging to the site. Violations of this policy may have significant legal and ethical consequences and may put the completion of your practicum at risk.
- All written materials from your internship setting (typically copies of case notes and treatment plans) should be returned to the files of your internship site after being reviewed by the faculty supervisor/instructor and returned to you. If they are not returned to the files of your internship site, they are to be destroyed. Under no circumstances are any of these site-based materials to remain in your personal possession.

Additionally, we will respect the confidentiality of classmates by maintaining privacy of any disclosures shared within our class (supervision) time. This information should not be shared outside of the classroom environment without permission.

Student Liability Insurance Notice:

We have a change in the requirement for professional liability coverage while in Practicum and Internship. Starting summer 2022, students will no longer purchase a blanket policy through the University. Students will need to join either ACA, ASCA, or AMHCA and receive liability coverage through the organization (which should come with membership). Students will need to submit a “Certificate of Insurance” (COI) when they submit their Memorandum of Agreement (MOA).

When you join one of the above organizations, be sure to either download or request a copy of your COI. It is only one of many benefits in joining a professional organization.

Technical Specifications Related to our Course Supervision

- Individual and group meetings will be held using Zoom videoconferencing software. It is available (for free) in desktop, laptop, tablet, and smartphone formats.
- If using a smartphone or tablet, download the Zoom app. Search your app store for “Zoom” or “Zoom Workplace.”
- Connection will require a private, stable, high-speed internet connection. If you will use a smartphone, you will need a strong cell signal.
- Please make sure that you have a microphone and video camera enabled on whatever computer or device that you will use to connect. Video and audio are required. Once you enter the meeting space, you will need to activate or enable both your audio and video.

Responsibilities and Requirements for Video-based Triadic and Group Supervision

- Each student is responsible for ensuring that they have the software and devices necessary to participate in every supervision meeting.
- Each person (student and instructor) is required to use headphones or earbuds for every supervision meeting. This is important for technical reasons (to reduce audio feedback), but it is also important for confidentiality purposes.
- When participating in supervision, students should be at a location that provides a private, stable, high-speed internet connection.
- When participating in a supervision meeting, the student should be located in a private and closed room (i.e., behind a closed door, just like you were meeting with the instructor in her campus office). You should NOT be located in a public setting, where others may hear the conversation. If at home, you will need to ensure that you have a private and undisturbed environment in which to meet. If your computer is located in a common room, you will need to ensure that you are meeting during a time in which no one else is home. You will be playing recordings of your counseling sessions during individual supervision meetings, and you MUST ensure the confidentiality of your client recordings.

- Turn off (or mute) all telephones, televisions, music players.
- Please treat each supervision meeting as you would if you had an appointment scheduled with your site supervisor at a campus location. The technology that is used to hold our meetings can be a bit deceptive regarding boundaries, because:
 - you may be located in a familiar and relaxing environment (e.g., your home),
 - you do not have to travel to a campus or professional location for supervision.
- People have been known to dress very casually (e.g., pajamas), conduct other household chores while meeting for supervision (e.g., washing dishes), or show up late for a scheduled meeting. A good rule to live by: Do not dress in any way – or engage in any activities – that you wouldn't do if you were physically sitting beside the instructor on campus. You wouldn't wear pajamas and wash dishes at a meeting on campus, would you? You are required to maintain appropriate professional boundaries related to our supervision time. Show up on time for our meetings, dress professionally, and stay focused and attentive to our conversation.

Emergency Procedures

Any emergencies at your practicum site should be handled according to their policies and with the guidance of your site supervisor. You must report any emergencies and departures from standard procedures to me ASAP (within 24 hours that the incident occurred) via email that does not contain identifying client information or by calling my office at 919-530-7553.

Emails

By and large, I will respond to emails within 24 hours during the school week and within 48 hours on the weekends. Emails with questions about assignments due that week should be sent to me at least 48 hours prior to class.

VII. UNIVERSITY POLICIES

Academic Honesty Policy

North Carolina Central University views academic honesty as a critical value protecting the transmission of knowledge. Academic dishonesty is a serious violation and includes providing/receiving unauthorized assistance with papers, projects, and exams; presenting, as one's own, another's words/ideas without acknowledgement; presenting the same papers/projects for credit in two classes without explicit professor permission; and using undocumented internet information. Academic dishonesty will result in a grade of "F" in the course.

While ChatGPT and similar programs are useful tools for brainstorming and creating starting points for projects, students are not permitted to generate writing of papers or intellectual property from such programs and are required to write their own material.

Statement of Inclusion/Non-Discrimination

North Carolina Central University is committed to the principles of affirmative action and non-discrimination. The University welcomes diversity in its student body, its staff, its faculty, and its administration. The University admits, hires, evaluates, promotes, and rewards on the basis of the needs and relevant performance criteria without regard to race, color, national origin, ethnicity, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, veteran's status, or religion. It actively promotes diversity and respectfulness of each individual.

Student Accessibility Services

Students in need of support for personal conditions (i.e. neurodiversity, psychosocial & physical diagnosis, and/or medical conditions) can request reasonable accommodations under the Americans with Disabilities Act through the Office of Student Accessibility Services (SAS) in Suite 120 in the Student Services Building. Students who are new to SAS or who are requesting new accommodations should contact SAS at (919) 530-6325 or sas@nccu.edu to discuss available programs and services. Students who are already registered with SAS and who would like to maintain their accommodations must renew previously granted accommodations by logging into the Eagle Accommodate Student Portal here: <https://nccu-accommodate.symphlicity.com> Students can also find the Eagle Accommodate System in the MyEOL portal.

Students are expected to renew previously granted accommodations prior to the beginning of each semester (Fall, Spring & Summer sessions). Reasonable accommodations may be requested at any time during the semester for all students; however, accommodations are not retroactive. Returning semester requests for returning students are expected to be done within the first two weeks of the semester. Students are advised to contact their professors to discuss the testing and academic accommodations that they anticipate needing for each class.

Students identifying as pregnant or other pregnancy-related conditions who would like to request reasonable accommodations and services must register with SAS.

Confidentiality and Mandatory Reporting

All forms of discrimination based on sex, including sexual misconduct, sexual assault, dating violence, domestic violence, and stalking offenses, are prohibited under NCCU's Sexual Misconduct Policy (POL 01.04.4). NCCU faculty and instructors are considered to be *responsible employees* and are required to report information regarding sexual misconduct to the University's Title IX Coordinator. The Sexual Misconduct Policy can be accessed through NCCU's Policies, Rules and Regulations website at www.nccu.edu/policies/retrieve.cfm?id=450. Any individual may report a violation of the Sexual Misconduct Policy (including a third-party or anonymous report) by contacting the Title IX Coordinator at (919) 530-7944 or TitleIX@nccu.edu, or submitting the online form through https://cm.maxient.com/reportingform.php?NCCentralUniv&layout_id=15.

Other Campus Programs, Services, Activities, and Resources

Other campus resources to support NCCU students include:

- *Student Advocacy Coordinator.* The Student Advocacy Coordinator is available to assist students in navigating unexpected life events (e.g. short-term illness/injury, loss of a loved one, personal crises) and guide them to the appropriate University or community resources. Students may also receive assistance with resolving some emergency financial concerns; understanding NCCU policies, rules and regulations; or general problem-solving strategies. Contact Information: Student Services Building, Suite 236, (919) 530-7492, studentadvocacy@nccu.edu.
- *Counseling Center.* The NCCU Counseling Center is staffed by licensed psychologists and mental health professionals who provide individual and group counseling, crisis intervention, substance abuse prevention and intervention, anger management, and other services. The Counseling Center also provides confidential resources for students reporting a violation of NCCU's Sexual Misconduct Policy. Contact Information: Student Health Building, 2nd Floor, (919) 530-7646, counseling@nccu.edu.
- *University Police Department.* The University Police Department ensures that students, faculty and staff have a safe and secure environment in which they can live, learn, and work. The Department provides a full range of police services, including investigating all crimes committed in and around its jurisdiction, making arrests, providing crime prevention/community programs, enforcing parking regulations and traffic laws, and maintaining crowd control for campus special events. Contact Information: 2010 Fayetteville Street, (919) 530-6106, nccupinfo@nccu.edu.

Any action by a student that interferes with the education of another student or interferes with the operations of the University in carrying out its responsibility to provide a safe and conducive educational environment will be considered a violation of the NCCU Student Code of Conduct.

VIII. COURSE COMPONENTS AND ASSIGNMENTS

**See the course schedule for due dates*

1. **PARTICIPATION** includes attendance and quality of engagement for the below activities.
 - a. **COUNSELING EXPERIENCE** A total of 100 hours of counseling experience (indirect and direct hours) at a site (CACREP 4.Q.). Forty clock hours of your time must be spent in direct face-to-face service with your clients (CACREP 4.R.). The remaining sixty hours can be obtained through indirect service, including but not limited to preparing for sessions, writing case notes, attending site meetings, case consultations, observing sessions, and scheduling appointments. It is okay to have more direct hours than required (over 40). If this happens, you can count those towards your total 100 (in essence they can stand in for indirect hours). This is the meat and potatoes of practicum!
 - b. **SITE SUPERVISION** You are expected to meet with your site supervisor regularly.

Your site supervisor will prepare formative and summative evaluations of your work. Please request evaluations early so they may be scheduled/prepared in advance of the due dates. Site supervisors may complete the printed copy of the evaluation or the online version (when it is available) at <http://www.nccucounseling.com/supervisors/>. The faculty supervisor will use the site supervisor's final evaluation as an element of the overall final evaluation by the faculty supervisor.

- c. **GROUP UNIVERSITY SUPERVISION MEETINGS** Weekly one and one half (1.5) hour meetings with your university supervisor for group supervision (CACREP 4.T.1.) held online via Zoom meeting from 5:00–6:30pm on Tuesdays (see schedule below). During these meetings you will discuss your practicum site progress, class readings, and present audio recordings for group review. You must complete the assigned readings and be prepared to discuss them at our group meetings. **Missed meetings can result in failure of the course*
- d. **TRIADIC UNIVERSITY SUPERVISION MEETINGS** Students must meet weekly for at least one hour of triadic supervision (CACREP 4.S.1.). This meeting time will be arranged within the first week of classes and will take place using Zoom meeting. During these meetings, you will discuss client cases in more detail (guided by your session review forms), listen to audio recordings, and receive personalized supervision. **Missed meetings can result in failure of the course*

2. PAPERWORK AND RECORDINGS

- a. **HOURLY LOG** You will maintain a record of your hours at your site using the electronic form provided by the instructor. You will bring this form to each triadic supervision session in order to verify progress in your hours and attendance. A completed hour log signed by your site supervisor is due in Canvas every Sunday by 11:59 p.m. Be sure that you are up to date on your hour log and alerting the instructor of any issues reaching required hours at site.
 - Students must have completed hour logs available weekly during triadic.
 - Final hours logs must be uploaded to Canvas by end of MOA (dated 12/2).
 - Weekly logs are worth approximately 5 points per week.
- b. **CONSENT TO RECORD** You must request permission to record all direct client care. This is required. Although there is no assigned point value in this course, failure to request consent to record direct client care will result in failure of the course. You must solicit and maintain documentation for each client's (or their parent/guardian's) consent or refusal of consent to recording sessions. Students are expected to consult with their site supervisor about recording policies at their field site. For sites who do not have an established recording policy or consent form, students may utilize the [Permission to Record](#) form prepared by the NCCU Counselor Education Program. Signed recording consent (or refusal) forms are to be stored securely at your field site.
- c. **SESSION REVIEW FORMS AND RECORDINGS** In preparation for triadic supervision, you will submit a **minimum of 6 tape review forms** with their corresponding tape throughout the semester in which you critique and evaluate a counseling session. **Use the form in Appendix A.** Due dates for these forms will be discussed in triadic. **You are required to upload this completed form to Canvas and the corresponding recording to your Google Drive folder at least 24 hours prior to your scheduled time for triadic. Do not upload your recording to Canvas.** In triadic we will listen to a 15-20-minute segment of the tape you have selected and reviewed, to analyze collectively. You are required to have already listened to the entire tape on your own and analyzed it in great detail.
- d. **RECORDINGS** You are charged with recording **all** client sessions in which the client has provided their consent to be recorded. It is important to capture as much of your work on tape as possible because this will allow you to review your work regularly and to seek supervision with “raw data” to consult. Exceptions may include spontaneous interactions or crises where it could be inappropriate or disrupt the flow of the meeting to begin recording. Upload all recordings to the shared Google Drive folder within 24 hours of making the recording and delete the file from your personal device. Note that as your university supervisor, I can request additional recordings in excess of those submitted for

triadic.

3. PROJECTS AND RELFECTIONS

- a. **GOAL STATEMENT** In a statement of 3-5 goals for the semester you will consider what you hope to gain throughout practicum in the following areas: counseling skill (e.g., more use of immediacy, more reflections of feeling, fewer close-ended questions), conceptualization skills, self-awareness, use of theory or interventions, multicultural development, knowledge about client population or presenting concern, etc. For each listed goal, please be descriptive- what specifically are you aiming for? How will we know you have attained it? What will be different?
 - i. **The goal statement is due August 27, 2024.**
- b. **COUNSELING CASE NOTES** Submit two thorough case notes (de-identified and consistent with confidentiality standards) in the formats included in Appendix C (SOAP and DART) and described in your week 3 reading. Use two different sessions, with the same or two different clients. After writing the notes, respond to each reflection question with 3-5 sentences. Upload a single Word document with your two case notes and responses to the reflection questions. Due date is reflected in the course schedule.
 - i. **This assignment is due October 1, 2024**
- c. **CASE CONCEPTUALIZATION & TREATMENT PLAN PRESENTATION:** Each student will present at least one 15-minute tape for review in group supervision. You will also submit a write-up of contextual information of the case (CACREP 3.E.3.), apply a theory (of your choice) (CACREP 3.E.21., and develop a plan for what you might do with this client in the future (CACREP 3.G.7.; 5.C.4.). Appendix B contains the complete outline for you to follow. The case presentation is due in Canvas and the recording is due in the Google Drive folder at least 48 hours before your scheduled presentation time. As always, be sure to document your client's consent to be taped and have this stored at your site. You must base this presentation on a tape that you have not submitted for review in triadic.
 - i. Case Presentations are due as scheduled.
- d. **BRIDGING RESEARCH AND PRACTICE** Applying research in counseling improves the services we provide to clients. For this assignment you are required to locate and read one scholarly journal article related to a client population, presenting concern you have encountered, or a relevant counseling intervention. To find articles, use one of the research databases available through the NCCU Library (<http://web.nccu.edu/shepardlibrary/>). I recommend using PSYCINFO or Proquest Central. You will then develop a 1-page handout with (a) key takeaways from the article (just the highlights!) and (b) a brief description of how you incorporated this into your counseling. **You will upload this handout to the designated Canvas discussion board and submission link by the due date.** You are then required to read through your peers' handouts on Canvas, making notes about the insights that are relevant to your work for discussion in class.
 - i. **This assignment is due November 12, 2024.**
- e. **FINAL GOALS REFLECTION** Submit a 2- page reflection on your progress towards your goals, throughout the semester as well as any revisions or additions you would like to make to your goals as you move into internship. This is due at the end of the semester in Canvas.
 - i. **This assignment is due November 26, 2024.**

4. EVALUATIONS

- a. **MIDTERM EVALUATION (CACREP 4.F.)** This evaluation is to be completed by your site supervisor and submitted at the midterm of the semester. The form is located on Canvas. Points are determined by on time submission as well as content of the evaluation. **The Site Supervisor Midterm (CSDAT) Evaluation is due October 8, 2024**
- b. **FINAL EVALUATION (CACREP 4.F.)** Similar to the midterm evaluation, this form is to be completed by your site supervisor and submitted at the end of the semester. You can find this form on Canvas as well. Points determined by on time submission as well as content of the evaluation. **The Site Supervisor Final (CSDAT) Evaluation is due November 26, 2024.**

c. FACULTY SUPERVISOR EVALUATION (CACREP 4.F.) This evaluation completed by the university supervisor will also contribute to your overall assessment of skills, disposition, strengths, and areas for growth. The form used will be the same as your final evaluation by your site supervisor. **Note:** Significant issues relating to professional disposition can result in failure of the course. These will be brought to your attention in a timely manner in order to allow for prompt reflection and correction. **The Faculty Supervisor evaluation is ongoing.**

IX. KEY PERFORMANCE INDICATORS: COUNSELOR EDUCATION PROGRAM

ASSESSMENT PLAN

As part of the overall assessment plan for the Counselor Education program, designated courses have specific Key Performance Indicators (KPIs) that are connected to accreditation standards. Practicum has 6 KPIs which are listed below. The assignment that measures each standard is listed beside it. The instructor will record the final grade for each assignment in Taskstream (*not yet available*) which is a portal for recording grades. If the student does not meet the grade standard which will be clearly communicated when the assignment is introduced, the student will be asked to repeat the assignment.

KPI 1: Students will understand the role and professional identity as a counselor and have knowledge of the ethical codes to which counselors adhere: *CSDAT*

KPI 2: Students will demonstrate ethical practice and ethical decision-making in courses and in counseling practice. *CSDAT*

KPI 3: Students will demonstrate knowledge of theories and models of multicultural counseling including Multicultural and Social Justice Counseling Competencies: *Case Conceptualization and Treatment Plan Presentation*

KPI 4: Students will understand group counseling methods, including group counselor orientations and behaviors, appropriate selection criteria and methods, and methods of evaluation of effectiveness: *CSDAT*

KPI 5: Students will understand the importance of evidence-based practice and critique research to inform counseling practice. *Building Research to Practice assignment*

KPI 6: Students will understand psychopathology as well as principles, models, and documentation formats of biopsychosocial case conceptualization and treatment planning. *Case Conceptualization and Treatment Plan Presentation*

- 3.) Comment on how you helped the client focus and your management of time in the session.
- 4.) Comment on any intentional use of silence in the session?
- 5.) What theoretical orientation(s) did you use in this session? Why did you work from that theory? *What is the evidence that you worked from that theory?*
- 6.) What areas of challenge and improvement were needed in this session and what were areas of strength?
- 7.) What multicultural and environmental factors were evident in the session and how did you work with those?
- 8.) What are your plans for future sessions (s) with this student/client?
- 9.) What would you like to discuss about this session in supervision? Be specific!

Appendix B: Guidelines for Case Conceptualization and Treatment Plan Presentation

In preparing for your presentation, you should select a client with whom you are having some difficulty. Prior to our meeting, you should organize information about your client and your experiences with them. Prepare a PowerPoint (or other format) presentation. You will then play a 15-minute clip of your choosing. Your introduction to the case should last no more than 10 minutes. This leaves the majority of the time for feedback and comments from your peers and supervisor.

In sum, prepare a 5–10-minute PowerPoint which addresses the items and questions below. At the end of the PowerPoint please share a completed treatment plan or wellness plan. Feel free to summarize if there is overlap but want you to get into the practice of completing a treatment plan. You will then play a 15-minute clip of your choosing. We will then process the clip and client with the class and provide feedback to you.

Your case presentation should include the following information (when presenting in class, you only need to highlight the important details among these, but be sure to include all:

- 1. Client Demographics (consider using the ADDRESSING Framework)**
 - a. Age, gender, race/ethnic background, sexual orientation, immigration status, language, religious affiliation, disability, educational/academic/vocational status, physical appearance, interpersonal style, etc.
- 2. Presenting Problem**
 - a. Why is the client presenting for counseling? Why now? Is the presenting problem described by client the same as what you see as the presenting problem? How has the presenting problem developed/changed over time? How is it manifesting now?
- 3. Multicultural Considerations**
 - a. Client's values, spiritual beliefs, customs pertinent to presenting concern; client's cultural strengths that are supportive for growth/change; any biases or stereotypes that might impact the helping relationship; etc.
- 4. History of significant events**
 - a. Medical and health history
 - b. Social, interpersonal history
 - c. Education, vocational history
 - d. Family background
 - e. Previous counseling experience
 - f. Trauma experiences or adverse childhood experiences (ACEs)
 - g. Legal involvement
 - h. Any complicating factors that exist in the client's world
- 5. Conceptualization**
 - a. Assessment tools or screening instruments used in conceptualization (interviews, discussion with caregivers, screenings, etc.)
 - b. Working hypotheses for DSM Diagnosis (if applicable) and can include V-codes
 - i. Including previous client diagnoses
 - c. Documented learning or physical disabilities (IEP or 504 plan)
 - d. Conceptualization of client's presenting problem
 - i. Apply a theory of your choice to describe your client's situation. From your theoretical perspective, how would you conceptualize this client?
 - ii. Describe relevant cultural variables, their impact on client's strengths, access to resources, and beliefs/values/worldview. Discuss your match/mismatch with the client in terms of these cultural variables.
 - iii. Identify developmental stages/concerns of the client. From a developmental perspective, how would you conceptualize this client?
 - iv. Assess how client's overall wellness has been impacted by the presenting problem. (Think holistic view of wellness, including physical, social, creative, emotional, spiritual, etc. forms of wellness)
- 6. Course of Counseling**
 - a. Initial goals, treatment plan or wellness plan (see additional appendix)
 - b. Progress to present (including how many sessions you have had)

- c. What have you done that has worked? That has not worked?
 - d. Relationship
 - i. How do *you* feel when with this client? What emotions, thoughts, impulses come up for you in working with this client?
 - ii. How do you think your client sees you? How do you think your client experiences *you*?
 - iii. What are your expectations of one another in the counseling process?
 - iv. Metaphor for relationship?
- 7. Current difficulties, blocks, needs from group**
- a. What aspect of the clip would you like the group to focus on?
 - b. Particular difficulties you are having with this case?

Appendix C: Case Note Formats**SOAP Note**

Counselor _____ Session # _____ Date of Session _____

Brief Client Description:**Subjective (client's conceptualization of the problem/issues):**

In this section of the case note, provide a general description of the client's feelings, homework report, concerns, problems expressed, thoughts, and any other relevant information reported by the client during the counseling session. Examples of specific ways of phrasing such reports are:

- The client reported ...
- The client stated...
- The client expressed...
- The client declared...

Objective (counselor's observations of client behaviors during session):

There are at least three types of information that you can report in this section of the case note: Client's objective reports (description of specific objective information reported by the client such as mood scale reports, test results, surveys, and anything that the client has objectively measured), clinician's empirical observations (any mental status information, adherence to treatment reports, strengths, assessment of progress towards goals/objectives, and interpersonal or physical findings relevant to treatment), and outside documented reports (mental health diagnostic reports, psychological reports, psychiatric reports, school reports, medical information and any other outside reports that would be relevant for treatment). When reporting empirical observations of the client's mood, some examples include:

- The client appeared to be _____ as evidenced by _____
- The client seemed to be _____ as reflected by _____
- The client gave the impression to be _____ as indicated by _____

Assessment (counselor's assessment of themes and patterns, application of theory):

In this section of the case note, provide a brief description of the "working stage" of the counseling section. If clinically relevant, report on specific strategies for change, interventions, primary and secondary themes, activities, as well as goals and or objectives addressed (from the treatment plan). If possible, make sure to report on the client's response to any strategy used. When reporting on the focus of the session, some examples include:

- The focus of the session was _____
- The target for this session was _____
- The focal point of this session was _____
- The goal or objective of the session was _____

Plans (for client and counselor in between sessions and in continuing sessions):

In this section of the case note, provide a brief description of the next steps to follow in working with this client. Report on what you expect to be the focus of the next session, the next goal or objective to be addressed, the next topic to be covered, etc. When reporting on the focus of the session, some examples include:

- The plan is to continue working on _____
- The next step in treatment is to _____
- In the next session, the focus will be on _____
- The goal or objective for next session is to _____

Homework/Practice: In this section of the case note, describe what the client has agreed to do in order to put in practice what has been worked on during the session. When reporting on the focus of the session, some examples include:

- As a homework, client is to _____
- HW: Client is to _____
- As a practice exercise, client will _____

DART Note

Counselor _____ Session # _____ Date of Session _____

Brief Client Description:

Description (details of the client and client situation):

Assessment (counselor observations and conceptualization):

Response (how counselor intervened and how client was impacted):

Treatment (next steps, including “homework,” upcoming session date/time and plan, referrals, etc.):

Reflection questions

1. Which note format did you prefer to use? Why?
2. Keeping case notes requires counselors to balance including important information without being overly specific or detailed. In essence, you are required to filter in the most salient information, report it in a concise and professional manner, while filtering out “fluff.” Give an example of how you grappled with which information to include in the above notes. Did you filter it *in* or *out*? How did you arrive at that decision?
3. Which theory(ies) did you rely on to write your case notes? Where are they visible within the note (e.g., terminology or interventions used)?
